Ronald B. Outen, Ph.D. is a Regional Director for The Aransas Project. Dr. Outen is the chairman of the Aransas County Navigation District, a position he has held since 2007, and a widely respected expert on environmental quality. Dr. Outen has over thirty years experience serving the public and private sectors, as the Director of the Project on Clean Water for the Natural Resources Defense Council, a Branch Chief for the United States Environmental Protection Agency, as well as Senior Staff on the U.S. Senate Committee on Environment and Public Works. He is currently the president of Ron Outen Associates, LLC, specializing in litigation science support and environmental science consulting in the areas of air quality, water quality, wetlands protection, and chemical management law. Dr. Outen holds a Master's in Ecology from the University of North Carolina at Chapel Hill, and a Master's and Doctorate in Environmental Sciences from the University of Texas at Dallas.
